“ Words cannot express how much you're missed. I still cannot believe you're gone. Remembering the lunch we had and telling some funny stories. Never forgotten always in our hearts. Aunt Jean and Michele

“ George was such a kind soul; I was very sad to hear of his passing. I knew George both personally and professionally in the early 1990's when I first moved to New York. George knew that I didn't have any family or friends locally, so he instinctively took me under his wing and invited me to a number of happy hours and other industry social events when he were working in the FX industry. I have George to thank for so many of my New York/New Jersey "firsts"--first trip to Shea Stadium, first trip on the Staten Island ferry, first day trip to the Jersey shore. I'm sorry that we lost touch but the legacy of George's kindness lives on forever. My deepest condolences to George's family and friends.

“ My heart is heavy after hearing about my friend George. We became friends after meeting in Lavallette. From there we would banter on FaceBook. Many laughs, and lengthy intellectual conversations. My deepest condolences to his entire family. Please know Mr. and Mrs. Carlin, that you raised a wonderful son. My deepest condolences to the rest of the family. May you rest in the arms of God George, and look down on us. You are deeply missed.

“ Dear Beth,
It has taken me six months to be able to answer - He is such a huge loss. We had him for 53 years of laughter and love, not long enough, but we're still so thankful. We don't take credit for his kindness, he was born that way, always sweet and loving. We're happy that so many people agree with us. It was such a pleasure to be with him.
Thank you for your words of affection.

“ I was deeply saddened to hear of Georgie’s passing. Though I had not seen him for many years, some of the happiest years of my life, on Cedarview Avenue, were spent largely in his company. Such a kind soul was he, and we shared a love for trains, among other things. His family’s active practice of the Catholic faith also impacted me, as I have been a fourth degree Knight of Columbus for many years now. We enjoyed Star Trek together, Star Wars, Planet of the Apes, Rocky, and many others. May he Rest In Peace, and prayers for his family.

“ Diane LaBarca Carlin (spouse)

Thank you to all our dear friends and family for being part of George's life and keeping him alive in your memories. George was a dedicated husband and father. He tried to make us happy with the all the little things that one does to show how much he cared. George was a good son, brother, brother-in-law, uncle and cousin always trying to help out whenever he could. He loved his neighborhood, his home, his friends, his job and his life. If you were George's friend, you knew it and he would drop everything to help you in anyway he could. We were fortunate to have many good memories not just on our vacations or special occasions but in doing the ordinary things like gardening or going to home depot. We would take drives and sing in the car and laugh about it the whole time. He didn't want people to know that he was fighting cancer, he didn't want pity he wanted people to treat him as they always did. He made me promise never to put anything on Facebook about what he was going through so it did come as a surprise to many. George said, don't be sad and don't cry, laugh and think about all the fun we had. So I ask you all to do just that and keep him alive in spirit. George is not gone he will always be with us.

May God keep George close and may he Bless you all
Diane, Janine and Jonathan

“ To the Carlin Family,

Deepest condolences. I remember George and Mike when they worked as doormen at the Fountains on Clove Rd in SI back in 1985, 1986. I was the paper girl there and always talked to George and Mike. I exchanged messages with George and Mike via Facebook 9 years ago and am so sad to read this in silive. Prayers to George's beautiful family. Kim

Kim Cataudella - June 15, 2020 at 11:13 PM

“ Kim, your message was wonderful to receive. Yesterday was hard, and today it's harder. He wasn't supposed to go before us, but he was such a good person that God must have needed another angel. Thank you for your prayers.

“ George was one of the best people ever , to talk with about deeper subjects . I learned so much from him, every time we spoke . Every time i look at just about any windowsill in my home , i think of him, because i had purchased sooo many jeweled trees, jewelry and jeweled objects , for myself and for gifts. He was always so proud of his wares to sell and i cherish them always. I have given so many gifts of them as well. George was a man of many ideas for sure, ...ever creative and full of zest . I am so sorry he has left . If he were here in a talkative spirit for a few minutes, i would ask him what it was like where he is and i am sure i would learn more than any book could tell, in a few seconds. I hope it is a good place with lots of adventures and love .

“ Where do I begin...there are so many memories, I could never list them all...hide and seek in the basement, kick the can, chewing hubba bubba and sticking the cicadas to the trees. But, the most recent, was when you drove up for daddy's funeral....that was such a sad and difficult time, and yet, we still managed to all laugh until we cried because you knew that's what we needed. I know you were met with loving arms and you are at peace. But your big smile and infectious laugh will live on forever in our hearts.

“ I grew up with George and considered him one of my best friends. We had a lot of fun and laughs back in the day. I remember his dog Sam and his Tan Maverick and him working at the candy store. I knew him to be a good guy willing to help anyone. We lost touch through the years and now I deeply regret it. Please accept my heartfelt sympathies for your loss.

“ Georgie is our son, and he will never be past-tense. He was a sweet boy and is a sweet man, always willing to help with a smile. One day he drove down to us at nine in the morning, laid down on the couch, and slept for an hour. Loved that he still wanted to do that. Georgie, we will love you forever!!!

Susan & George Carlin, parents - June 13, 2020 at 12:51 PM

“ It was great growing up with my youngest brother George! George was sensitive, so loving and very kind. He would help anyone who needed it. When I needed him , he was ALWAYS there for me.

George and Mike his brother, were always up to something.

My favorite memories was going to the adirondacks with George and my husband ,baby Eddie and Mike.

George was always interested in his nieces and nephews. When George had his boat he and Diane would give everyone a chance to spend time with them on the boat.

Now George is with Nana and Poppa. I miss him so much and loved him so much. God bless George my beloved brother

“ 11 years owning a business never met a single customer who made me feel the way George did. Not only myself but all the workers too. We all loved George. I consider myself lucky that I even got to spend the last few years knowing him. Going to miss you very much! Such a warm and kind soul. Missing you everyday.

“ Your message made us realize how many people lived George. We still can't believe it, he left such a void in our lives. But God must have needed an angel to watch over us all.

“ I remember Georgie calling me after a post I made on FB. I was driving home from Atlanta and I swear he laughed hysterically for 20 exits before we finally talked. That was Georgie! He was the big brother I didn't have and I will miss him greatly. Until the next time it's farewell and not goodbye!

“ My baby brother. I will miss you so much. You were the smartest and funniest guy I ever knew. We had great times together, especially our trip to Alabama to visit Nana. I'll never forget all the laughing we did. I loved spending time with you In the months during your treatments “working” in your home office but not getting anything done because you were so tired. We laughed so hard. I will always hold on to the memories...reading you bedtime stories when you were a toddler, the years at the swim club and on the Quicksilver, our vacations in Lavallette, and especially laughing at your and Mike's antics. You were a pair! I love you so much and you are FOREVER in my heart.

Susan Bohus - June 10, 2020 at 12:09 PM

“ My sincerest condolences to Diane and family. George was an awesome guy who could always make you laugh. Have many memories working together, fishing (George is the only guy ever to hook a sunfish) and one of my favorites was when we brought George’s boat from Lavallette to Atlantic Highlands hugging the coastline for winter storage.

“ George was a great friend who I went to Farrell with. We were all kids turning into men with all of the awkwardness and changes happening. The only benefit of not going to school with girls is that we could be ourselves and develop a personality without being judged. We were all in it together. George was a guy who I can only remember laughing with and good times. Pointing out crazy things oddities and he had a great laugh. After graduation and went to different colleges. A few years later we reconnected on the Staten Island Ferry, I was a stock broker just starting out and George worked for foreign exchange. Like most great people, especially friends I met at Farrell, we picked up our conversation if we had just changed classes. I changed jobs and lost touch with him again. Then as is the case with many of us, we reconnected on Facebook. Unfortunately We never got together since. I will miss him but always remember him fondly. And his great laugh.... See you on the other side pal!
