“ I Recall susan when she was real young girl
Her and Milissa G. were always together . She was always smiling . I have photos of them at Andrea's communion. Also at my house in back yard at our pool. Laughing and smiling . I remember playing double Dutch in the driveway when we were all kids . Seams it was like yesterday but so much time has gone by . You are all in my prayers and susan will be missed . Gone too soon. All in my prayers.

“ Dear Aunt Sue,

You were always the life of the party. We could always count on you to bring a smile to our face and joy to our hearts as we danced the night away. Please continue to dance and with that same energy help mend our broken hearts. You will truly be missed. Till we meet again.

Love always, Andy

“ Susan, Thank you for raising my husband into the man he is. Thank you for despite any differences we had we always made great memories and you always had an awesome way of making my husband and I laugh. I remember the last time you were here and we were all laughing at how you pronounce ricotta cheese I will never forget that it always makes me laugh. I remember how almost every time we were together we watched a horror film. I also remember you love Silence of The Lambs just like me. You always put my husband first and always called him almost every single day just to ask him how his day was. It hurts my heart to think he won't get those calls anymore, and to think you won't get to see Levi become an awesome man like Brandon. I know you would be proud of us and you will be watching over Levi and I am very thankful for that. I am so sorry to your family and to you, and I want you to know I love you and am thankful for everything you did for my husband and son.

“ Aunt Sue, I want to thank you for all the times you rooted for me and told me how good I looked even when I wasn't feeling myself that day. You were one of my biggest cheer leaders ! You Never cared what others thought and I loved that you always were yourself no matter what. You could make any situation into a comedy and for that I'm going to miss you a ton. We have so many memories from coming to our apartment, ordering food, having a few drinks and just sharing our love, laughter and laughs. Andy and I are going to miss you an ton especially at the family parties. We always looked forward to seeing you there. You brightened up every room with your sense of Care, Love, Smile, and Laughs, and it hurts so much that I'm not going to be able to create more of these memories. I hope you are resting. Andy and I will forever love and miss you always. We will share your stories and always carry you in your heart. Until we meet again my beautiful Guardian Angel! Love always, Vinny & Andy xoxo
